

SPONSOR-A-CHILD PROGRAM

About Zambia

Zambia is one of the most **underdeveloped** countries in the world, with the majority of the population living in **extreme poverty**. It also has one of the poorest education systems. Going to school is not a luxury everyone can afford, yet education is the best way to **empower our children**. Through education, we can change our families and communities for the better!

About Us

Baobuyu Learning Center was created in 2016 as a registered NGO in Zambia. It is a preschool and a community center in Mwandu compound, found in Livingstone, Zambia. We aim to provide as much **free education** for the community as possible.

During the day, Baobuyu provides a safe environment for our **preschool** students to develop a wide range of skills that will make them ready to learn when they start primary school. In the afternoon and during holidays, the school acts as a **community center**. We provide **free workshops** to people in the community with courses such as Health Talks, Reading and Math Clubs, Female Empowerment Clubs, Skills Training, Holiday Clubs for kids, and so much more!

Pre-School

Baobuyu Learning Center caters to pupils from 2 1/2 to 6 years old. We have small class sizes to ensure plenty of individual attention that they need. We have a strong focus on **interactive and visual learning**. We take pride in offering **unique activities** at our school, including cooking classes, computer literacy, gardening, and, conservation education, all of which we believe are important for our students' overall learning experience.

Our children are receiving opportunities that they otherwise wouldn't have access to and this brings a **big hope** for a more **promising future**.

"education is the most powerful weapon you can use to change the world"

SPONSOR-A-CHILD PROGRAM

Sponsor-a-Child Program

We have developed a Sponsor-a-Child program to help vulnerable and orphaned children in our area who need our help. We can only make this a success with your support!

Our program is very simple. Once we receive the sponsorship fee, we will **provide** your sponsored child with **everything that they need for the year**. Throughout the year we will send **four updates** on your child's accomplishments (an introduction and one after each term). In addition, we have a Facebook and Instagram page where you can **follow along** with our daily activities at the school and be assured that your sponsored child is **receiving the best possible education** as well as, a sense of belonging in the community. Not only will you be supporting a vulnerable child in their schooling; you will also be **empowering an entire community!!**

"I'm **so blessed** to have **received sponsorship** at Baobuyu as it has allowed my daughter to have the **best education** that I could **ever imagine**" Memory

What does your Sponsorship include?

For \$450US a year, your sponsorship will not only cover the cost of school fees but also help with running the costs of the school. **A double-win situation!!**

- A uniform
- Books
- A daily healthy meal
- Teachers
- Security
- Water
- Electricity
- Computer Literacy
- A huge outdoor play area
- And Endless learning Resources!!

SPONSOR-A-CHILD PROGRAM

Criteria for each Parent

We are working with a **small local committee** to identify children who cannot afford to go to school. The children in our program are either **vulnerable, orphaned,** or whose parents or guardians are extremely hard workers making a significant impact in the community and simply cannot afford to send their children to school.

We developed a program that gets and keeps the parents/guardians very involved in their child's education and within the school and community center.

Here is how it works:

For each child who receives sponsorship, we require the **parent or guardian to volunteer** for a minimum of 45 hours of community work at the school. The community work could be anything from gardening and cooking, to cleaning, attending workshops and other courses we offer. In addition, they are required to contribute K150 per year, (approx. \$8) towards their child's education. This will ensure the **parents have a vested interest** in their child's education and feel good about contributing towards their child's future.

Thank you so much for supporting our school!!
